

THE WESTIN
DENARAU ISLAND
RESORT & SPA
FIJI

The Westin Denarau Island Resort & Spa will soon be undergoing an exciting refurbishment estimated at FJ\$1.3 million.

To complete this project, the refurbishment will be conducted in three phases. Work on the first 25 guestrooms will commence from 28 March 2011 and is estimated to be complete by 28 April 2011. The second phase, comprising of 33 guestrooms will take place between 28 April and 07 June 2011. The final phase will be from 17 October 2011 and is estimated to be completed on 28 November 2011 and will comprise of 36 guestrooms.

A total of 94 guestrooms across all room categories, from Garden View to Ocean Front will feature refreshing new look encompassing all aspects of the room including the main guestroom, bathroom, and the patio/balcony area. The new refurbished guestrooms will continue to capture the Pacific essence and style that the resort is known for. The resort endeavours to not inconvenience guests during the refurbishment period.

Please note, that this project is the beginning of a FJ\$5 million refurbishment for all 273 guestrooms and suites and in the long term expected to be completed by 2013.
